Care Bridge International calculates medical exposure for bodily injury claim reserves, medical damages for claim settlements and the full scope of Medicare Secondary payer services, simply and rapidly, with advanced clinical expertise, human compassion and machine learning technology.

Our Medicare Set Asides are approved by Medicare at less than half the industry average!

Medicare Secondary Payer (MSP) Compliance

Mandatory Section 111 Reporting

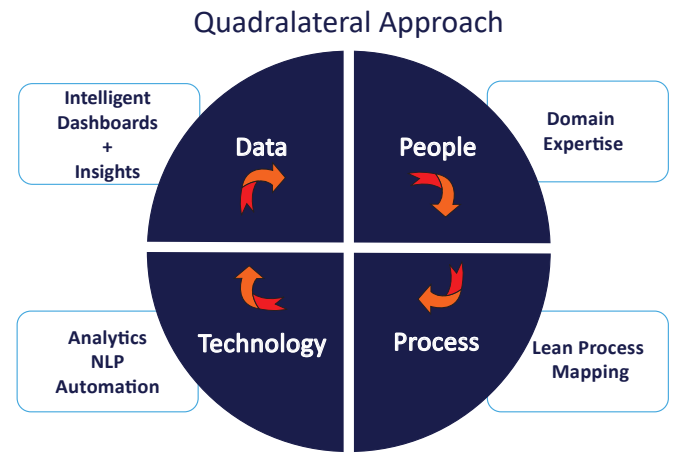

Care Bridge secures the Medicare Part D and/or Medicare Advantage Plan eligibility with the specific plan information in minutes to inform our clients immediately of these exposures whether we act as our client's MMSEA Section 111 reporting agent or not.

Medicare Set-Asides (MSAs)

Care Bridge clinically supported and defensible MSAs are **approved at less than half the industry average**. We produce MSAs rapidly and accurately, and identify medical cost factors that help reduce the final cost of the claim.

Conditional Payments

With an integrated approach to MSP, our clients have assurance that all steps in the process are adequately addressed to avoid penalties or interest payments. Our experts determine eligibility for Medicare and Medicare Advantage Plans instantly and negotiate appropriate Conditional Payment amounts quickly with **70% savings or more**.

Visionary Leadership

Deborah Watkins, Founder and Chief Disruption Officer

A former CEO of the largest Medicare Secondary Payer and medical forecasting program, internationally, Deborah worked closely with the Centers for Medicare and Medicaid Services (CMS) as the first reporting agent, beta testing from 2008- 2012. Under her leadership, the company received the 2010 Oracle Titan Award and Gartner 1to1 CRM Silver Award for technology implementation of an enterprise analytics platform. In response to underwriting demands, she collaborated with the National Council on Compensation Insurance (NCCI) to produce "Medicare Set Asides and Workers' Compensation" presented at the 2014 Annual Issues Symposium and September 2014, Research Brief. She has a Masters in Healthcare Leadership (MBA/MPH) from Brown University and a (MSN) Master of Science in Nursing. Deborah is an experienced clinician and insurance executive, having spent her career managing complex medical claims for large carriers, integrating technology, and evidenced based clinical and technical processes.

Christopher Frankland, Chief Innovation Officer

Deeply immersed in the world of InsurTech and intelligent automation, Chris focuses on innovative solutions that leverage people, process, technology and data to redefine and elevate the customer experience across the Health and Insurance domain. Customer and Digital Experience obsessed, Chris is an expert on the implementation of insurance solutions that incorporate chatbots, robotic process automation, blockchain and cognitive technology. Chris is a regular mentor with the Global Insurance Accelerator program, Hartford InsurTech Hub and OnRamp, as well as a frequent speaker at industry events, internationally. Chris holds a computer science and history degree from Brunel University London and is Six Sigma Certified.

Experience Counts

Innovative people with a passion to deliver high-quality results have built the organization into a growing healthcare technology company to provide the highest level of service to its clients.

205 years of clinical and claims experience

160 years in specialized technical skills and innovation in data analytics
